

Feature		Relief valve / Diaphragm type
Model		AL-24
Picture		
Application		Cold and hot water
Working pressure		0.1-0.7 MPa *1
Max. temperature		60°C
Connection		JIS Rc screwed
Material	Valve case	Cast bronze *2
	Valve	NBR *3
	Valve seat	Stainless steel
	Diaphragm	NBR (heat-resistant nylon contained)
Size		15A-25A
Others		<p>*1 Available with working pressure between 0.05 MPa and 0.1 MPa.</p> <p>*2 Available with NPb-treated.</p> <p>*3 Available with FKM (AL-24F).</p>
